NORTH ROCK CREEK PUBLIC SCHOOLS ACCESS POLICY

TERMS AND CONDITIONS FOR USE OF INTERNET

Please read the following carefully before signing this document. This is a legally binding document.

Internet access is now available to students and teachers in the North Rock Creek Public Schools District. We are very pleased to bring this access to North Rock Creek Public Schools and believe the Internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in the North Rock Creek Public Schools district by facilitating resource sharing, innovation, and communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students and teachers have access to:

- (1) electronic mail communication with people all over the world.
- (2) information and news.
- (3) public domain and shareware of all types.
- (4) discussion groups on a plethora of topics ranging from diverse cultures to the environment to music to politics.
- (5) access to many university catalogs.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. North Rock Creek and the Oklahoma Department of Education have taken available precautions to restrict access to inappropriate materials. However, on a global network it is impossible to control all materials, and an industrious user may discover inappropriate information.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. The smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that you are efficient, ethical, and legal utilization of the network resources. If a North Rock Creek Public Schools user violates any of these provisions, their access will be terminated and future access could be denied. The signature(s) at the end of this document is (are) legally binding and indicates the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

Internet – Terms and Conditions

- (1) Acceptable Use – The purpose of NSFNET, which is the backbone network to the Internet, is to support research and education in and among academic institutions in the U.S. by providing access to unique resources and the opportunity for collaborative work. School use must be in support of education and research and consistent with educational objectives. Use of other organization's network or computing resources must comply with the rules appropriate for that network. Use for product advertisement or political lobbying is also prohibited. Use for commercial activities is generally not acceptable.
- (2) Privileges – The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Each student who receives access will participate in a discussion with a North Rock Creek Public Schools faculty member pertaining to the proper use of the

network. The system administrators and teachers will deem what is inappropriate use and their decision is final. The district may deny, revoke, or suspend specific user access.

- (3) Netiquette – You are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to the following:
 - (a) Be polite. Your messages should not be abusive to others.
 - (b) Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language.

 - (g) All communications and information accessible via the network should be assumed to be private property.
- (4) North Rock Creek Public Schools and the Oklahoma State Department of Education make no warranties of any kind, whether expressed or implied, for the service it is providing. North Rock Creek Public Schools and the Oklahoma State Department of Education will not be responsible for any damages suffered. This includes loss of data resulting from delays, nondeliveries, misdeliveries, or service interruptions caused by negligence, errors, or omissions. Use of any information obtained via the North Rock Creek Public Schools network or the Oklahoma State Department of Education is at the user's own risk. The North Rock Creek Public Schools District is not responsible for the accuracy or quality of information obtained.
- (5) Security – Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a teacher who will in turn notify a system administrator. Do not use another individual's account without written permission from that individual. Attempts to access the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.
- (6) Vandalism – Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy hardware data of another user, Internet, or any agencies or other networks that are connected to the NSFNET Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.
